Tree Model Library

Production-ready models, all with built-in wind and LOD states. Choose from over 150 species, or mix and match content from more than 2,000 textures and meshes.

A handful of the stock models provided in the library. See more at speedtree.com/trees/

SpeedTree Modeler

Easily modify trees from the library or create your own from scratch. Hand drawing and intuitive procedural controls make for quick and precise artistry.

Sculpt entire forests with ease via our powerful world-building toolset.

SpeedTree SDK

Choose the components of our modular SDK that best maximize quality and performance in your game – it's your pipeline and we keep it flexible.

Don't take our word for it.

Take a free test drive to see how hundreds of games have already benefited from using SpeedTree. Visit speedtree.com today.
