

SpeedTree® Cinema Licensing Details

With SpeedTree® Cinema's unique blend of procedural and hand modeling features, you get exactly the tree you want, faster than ever before. Freehand draw branches with a tablet or mouse, edit tree features by hand or with a wide array of intuitive controls, and then export the mesh in a variety of formats.

License and support options are available for any organization from a large studio to a single-production shop:

Annual Site License Option:

- Use of SpeedTree in an unlimited number of productions for one year
- Keys renewed annually with payment of renewal fee
- Annual support included
- \$39,995 per year
- Up to 10 seats supported at no additional charge

"We are creating exactly the trees we want at a fraction of the time required by other solutions."

Richard Bluff
ILM Digital Matte Department Supervisor

Production License Option:

- Use of SpeedTree in a single movie/animation production for an unlimited amount of time
- Keys renewed annually at no additional charge
- \$14,995 per production
- Up to 10 seats supported at no additional charge
